OBJECTIVE

Highly motivated 2nd-year B.Tech Computer Science student with strong foundations in Machine Learning, Artificial Intelligence, and Full-Stack Development. Experienced in building end-to-end ML pipelines including data preprocessing, model development, evaluation, and deployment. Passionate about developing real-world AI solutions and optimizing model performance using industry-standard tools

PROJECTS

Stock Price Prediction using LSTM (TensorFlow + Django Deployment)

- Built an end-to-end Machine Learning pipeline for time series forecasting using LSTM networks in TensorFlow and Keras.
- Performed data preprocessing, normalization, feature scaling, and train-test splitting using Pandas and NumPy.
- Evaluated model performance using RMSE and loss metrics.
- Integrated trained ML model into a Django web application for real-time prediction.
- Implemented secure authentication, CRUD operations, and SQL-based database management.
- Demonstrated complete ML lifecycle: data collection → preprocessing → model training → evaluation → deployment.

IMDB Movie Review Sentiment Analysis (NLP Project)

- Developed a Natural Language Processing (NLP) model to classify movie reviews as positive or negative.
- Applied text preprocessing techniques including tokenization, stopwords removal, stemming, and TF-IDF vectorization.
- Performed exploratory data analysis (EDA) using Pandas, Matplotlib, and Seaborn by analyzing sentiment distribution and generating word cloud visualizations.

SKILLS

Languages: Python, C, C++, Java, SQL

Machine Learning & AI: Pandas, NumPy, TensorFlow, Keras, Scikit-learn, Deep Learning, Exploratory Data Analysis (EDA), Excel, Tableau

Web & Deployment: Django, ML Model Integration, User Authentication, MERN stack

Databases & Tools: SQL, ORM, Git, GitHub

Languages Spoken: English, Tamil, Hindi

EDUCATION

B.Tech Computer Science and Engineering
VIT Chennai
CGPA: 8.89

2024 – 2028
Chennai

Class XII- Computer Science
Velammal Vidhyashram Mambakkam
Percentage: 95.4%

2023 – 2024
Chennai

Class X-Mathematics and Computer Science
Velammal Vidhyashram Mambakkam
Percentage: 96.4%

2021 – 2022
Chennai

INTERESTED AREAS

Data Analytics, Data Science, Web Development, Artificial Intelligence, Machine Learning, Deep Learning
